“IT”S A DOGS LIFE”

By Dean Wright

As I write the president’s updates for the September ASFA Communique, I keep coming back to how lucky today’s dogs are, all dogs - pure bred or not. There is so much available for them to do with their owners. There is lure coursing - whether a sighthound or not, Dock Diving, Fly Ball, Rally, Canine Good Citizen, CAT Tests, LCI, and so much more. These events are great for the dogs and their owners will love working with them and watching them perform.

Everyone one of us coursing folks can remember - like it was yesterday - how exciting it was the first time we saw our hound course the lure. We enjoyed watching our Sighthound Chase the lure. Every owner enjoys that same feeling when they watch their dog doing something fun. I think back to my family’s first dog “Pete”, a mutt that wandered into our backyard some 70 years ago and stayed. If given the opportunity to try some of today’s dog events, would “Pete” have enjoyed them. I guess I will never know.

Today’s dogs and your owners, Count Your Blessings! Enjoy! *Dean*

President’s Report

by Dean Wright

The American Sighthound Field Association (ASFA) is now in its 48th year of promoting the sport of lure coursing! Our premier event, the ASFA International Invitational, just completed its 42nd edition. We are proud to be in the first nationally known association for lure coursing. In the sport of lure coursing we do not chase live game. The hounds love to “hunt” the plastic bag. You only need to see the enthusiasm, speed, agility, follow, and endurance that is expressed by these wonderful, sleek hounds to become hooked on our sport.

In 2019 we have started a new episode in the life of ASFA. We have invited non Sighthounds to compete in and enjoy the thrill and excitement of the chase. Non Sighthound breeds as well as dogs that are not registered are now eligible to enter

the ASFA Lure Coursing Instinct Stake at our field Trials and earn points for the LCI Titles. The ASFA clubs have enjoyed the excitement of the new folks seeing their dogs Lure Course at our trials.

ASFA-sponsored lure coursing trials are held on most weekends usually throughout the year, in multiple locations around the country. If you are interested in attending one of our trials, click on the [Field Trials](#) page and look for a date and a location that works for you. You can click on the initials for the club to find an individual’s e-mail address for more information on that trial. Also, if you would like to learn more about the sport, click on [The Sport of Lure Coursing Explained](#) and our [Mission Statement](#), or our history, click on [Hall of Fame](#), [ASFA Lifetime Top 20 Hounds](#), and the [Gary Forrester Award](#) pages.

The sport of lure coursing is no longer just for sighthounds. For the specific sighthounds eligible to participate in The ASFA Sighthound Breed Stakes click on the [Eligible Breeds](#) page. If you would like to learn more about sighthounds, and what they are or which canine breeds qualify as sighthounds (for lure coursing needs), please click on the [Photo Album](#) page. Then, “take a book off the shelf” and read about that breed.

By all means, please feel free to explore this site and hopefully you'll learn more about the sport of lure coursing. If you have any questions, click on the [Questions](#) link and ask! We'll get back to you as soon as we can.

We can offer a good time for you and your sighthound or any dog. . Try ASFA. I can assure you that you as well as your dog will not regret having given it a try. Thanks for exploring our organization and website.

In closing, I would be remiss if I did not note that I am honored to serve as ASFA's President. It is humbling to know that the ASFA member clubs have placed their trust in me to lead ASFA. I will work diligently to fulfill my responsibilities. Should you have questions or concerns, e-mail me directly at president@asfa.org.

The President's Report – Update for September

Our ASFA is moving ahead with some very positive changes.

- **Live Streaming:**

I'd like to live stream the Gillette Stake and Best in II in Muncie, IN. I'm looking for a volunteer for this project. Please contact me at president@asfa.org

- **LCI Field Update:**

The LCI (Lure Chasing Instinct) dogs are running under the LCI and LCIS Experimental Program. Dogs and owners are having a blast. The first dog to earn the Lure Chasing Instinct title is Zoey, owned by Pam Buswell. Zoey is a Small breed.

The first dogs to finish the Lure Chasing Instinct title in Large breeds are "Essie" and "Java" (pictured below), owned by Janine and Chuck Erato. Essie and Java are mother and son, and both finished on the same day.

Right: Zoey & Pam

Above Left to Right: "Boney" with owner Russ Light; "Zoey" with owner Pam Buswell; "Grace" with owner Marianne Peiper; "Reece" with owner Marianne Peiper; "Remi" with owner Kirsten Jerla; "Essie" with owner Janine Erato; "Java" with owner Chuck Erato; "Kensie" with owners Bobbi Lutz & Chad Cook; "Bruce" with owner Krista Shreet. Not pictured, "Phelan", owned by Krista Shreet.

The first dog to finish the competition Title of Lure Chasing Junior was "Bruce". Bruce is owned by Krista Shreet. - Congratulations to all!!

- **LCI Committee:**

The Committee is rewording to improve the functioning of the Experimental Program.

- **Moving Limited Breeds to Provisional Breed Status:**

A motion, having cleared the Board, will be forwarded to the CRC (Constitution Revision Committee) for presentation at the 2020 ACoD. If passed by the ACoD, Limited Breeds will move to Provisional Breed status, by eliminating the Limited Stake. New breeds, when accepted by the board, will go directly to Provisional Stake.

- **Greyhound Club of America:**

The Greyhound Club of America, after 40 years, is finally working toward becoming an ASFA National Club.

- **Lurchers & Long Dogs:**

Adding Lurchers & Long Dogs to one of our ASFA programs, either the LCI Experimental Program or Singles, is under discussion.

- **Mixed Breed Stake:**

Letting points be earned by competition is a "Mixed" Breed Stake is under discussion.

- **Financial Status:**

Our treasury has remained at about \$25,000, which is a little ahead of our budget.

- **Getting the Minutes Out Faster:**

Right now it takes a long time to get Minutes out to everyone. I want Minutes of Board meeting and ACoD Minutes to go out faster to everyone by circulating the "Draft" version.

- **Judges Committee:**

The Judge's Committee is working on great improvements in judges licensing.

- **Policy Committee:**

The Policy Committee is working to make it easier to locate policies.

- **ASFA 50th Anniversary Committee:** Kathy Nelson and Thomas Christ will Co-Chair the Committee. Darci Kunard, Jennifer Geysler, Jamie Jones, Tom Cigolle, and myself have signed on as committee members. If you have suggestions for the committee or would like to serve on the committee, please let us know.

REPORT ON THE NEW RECORDS PROGRAM

Not as much progress has been made as we had hoped. Paragon believes they have corrected all of the bugs in the various reports except for two. Paragon also believes they have made all the necessary changes to the compile program/software so that Lori can enter a trial and run reports. Paragon will be doing some final testing on the compile program/software and then get the changes to Lori so she can give it a good work out.

If all goes well, the next time we have a report on the new Records Program, it should state that Lori is now entering things in parallel to ensure that any remaining bugs are corrected.

Respectfully,
IT Committee

ASFA Officers, 2020

Do you have an ASFA officer candidate to nominate?

Submitted by Scott Hurlbert, Nominating Committee Chair

The ASFA Constitution and By-Laws, Article VI, Section 2 (a) states: Each odd-numbered year the ACoD shall appoint a Nominating Committee who shall submit a list of nominees for officers to be published in the Communiqué and ASFA website at least 150 days prior to the next ACoD.

The Nominating Committee of Scott Hurlbert, Trisha Borland and Ben Broedour is now accepting nominations for officer positions. Please review the ASFA Constitution, or contact the ASFA Corresponding Secretary or your Regional Director for particulars.

No one may be nominated for an office who has been elected to that office in each of the preceding two terms; nor may any person be nominated or accept a nomination who has, within the preceding year, accepted a fee, over and above expenses, for handling a hound at a sanctioned lure field trial, or for performing or assisting in the performance of duties of the officials of a sanctioned lure field.

During the 45 days following publication of the Nominating Committee slate, each member club can submit additional nominees for officers. Nominations must be agreed to in writing by the nominee, carry the written endorsement of the nominating member club, and be submitted in writing to the Corresponding Secretary. The nominee names will then be circulated to all member clubs. Candidates for office can also be nominated from the floor of the ACoD at the time of election. The nominee must be a convention delegate in attendance at that (electoral) ACoD.

We are currently seeking nominations for Board Member positions for consideration of the committee. If you have a candidate you wish to nominate please submit their name, address, phone number and email address to me. Please include details as to why you believe this person would be a valid candidate for the position nominated. The committee will compile the recommended nominees and create a complete nomination list to present to the ASFA prior to the ACoD in 2020 for the election process.

If you have any questions you can reach any member of nominating committee.

Scott Hurlbert, Chair – dwhippet@hotmail.com
Trisha Borland - trisha.borland@gmail.com
Ben Broedour - benbroedeur12@gmail.com

Hall of Fame Nominations . . .

Do you have a hound or person in mind to nominate for the ASFA Hall of Fame? This is how it works. All nominees – hound and human - must have been out of the sport for at least 5 years to be considered. Hound nominations are made through the ASFA clubs. Persons are nominated through the Regions. So, to nominate a hound, you will need to work through your club. To nominate a person, you will need to work with your Regional Director. The Hall of Fame Committee will select up to 10 nominated hounds and 3 nominated persons to present to the ACoD Delegates for consideration at the 2020 ACoD. The ACoD Delegates will then vote to induct 1 person and up to 3 hounds into the Hall of Fame. Nomination forms are on the website at <http://www.asfa.org/hof/index.htm>. Please direct questions, concerns and all nominations to Michael Hussey at dinnree@skybeam.com.

The purpose of the ASFA Hall of Fame is to honor in perpetuity those hounds that have achieved outstanding performances or records in the sport of lure coursing. This fosters the continued remembrance of remarkable individual coursing careers and sets a high standard to help new hounds and owners achieve their goals.

The Hall of Fame shall also honor those individuals who have donated a great part of their life to improve and promote the sport of lure coursing for sighthounds. Since its inception, the sport of lure coursing has continually evolved. That evolution has taken place through the vision and energy of people who should be honored for their efforts on behalf of the sport. We shall endeavor to remember always those individuals who have given their time and energy to make lure coursing what it is today. Their commitment serves as an inspiration to those who would, in turn, take the sport to greater heights.

The Hall of Fame was instituted in 1998. The 1998 Annual Convention of Delegates elected into the Hall of Fame the first Field Champion of each breed; the first Lure Courser of Merit of each breed; the first AKC conformation champion of each breed to become an ASFA Field Champion; the only three hounds to obtain the Grand Field Champion title; and the following people: Lyle Gillette, Tom Leone, Betz Leone and Gary Forrester. These hounds and individuals are the Charter members of the ASFA Hall of Fame.

The Premium List contains all the information you need, but if you have any questions, please feel free to contact Leslie Reeve (FTS) or Dawn Gibas (FTC). Our information is listed in the Premium List. Of note are the last two pages, which are the helpful notes from the FTS (please give this a read!) and the worksheet for all that is being offered (will help you organize your choices and amount owed).

Besides entry information and forms, there are things to remember to look at in the Premium List:

New for the Gillette Stake

New Gillette Stake Irish Wolfhound Trophy by Phil Fullam

Jill Bryson asked me to create an Irish Wolfhound trophy for the Gillette Stake. The Gillette stake is the competition at the II among high-scoring Field Champions that are also bench Champions. It is about the balance between what the breed standard calls for and the dog's actual performance. This is the balance that is admirable in Jill's IW breeding program.

I set about to create a trophy that acknowledges both sides of the IW that the Gillette Stake represents, as well as the IW's great strength and gentleness of heart. I also wanted to capture something of the beautiful mountain vistas of Boise, Idaho that surround Jill and her beloved hounds. The trophy is constructed of polished stainless steel on an oak base. – Phil Fullam

Jogging your II memory

These were the II Lure Operators, but what was the year? And what venue? The Beanie Caps might help. We can identify some, but not all. Can you? Interview with Bonnie Schulz (El Zagel)

Jack Helder, Interviewer

Jack: Bonnie, can you tell us a little about yourself- where you're from and how you became involved with sighthounds.

Bonnie: I was born and have lived in Minnesota all my life. I was always one of those animal-crazy kids. While in college, I taught obedience classes, worked for a veterinarian, and also worked for a large boarding/grooming kennel. In the kennel, I was taught my present occupation of dog grooming. After I graduated from college in 1974, I opened my own shop, The Canine Clipper, in Fargo, North Dakota.

Jack: But you live in the sticks.

Bonnie: Yes, I purchased a place in the country for me and my dogs. I've often thought about relocating to a more centralized area of dog activities, but it is hard to give up the security of a successful business.

Jack: Any other pets?

Bonnie: I also keep two large exotic birds, and would become more involved with birds if I had time.

Jack: How did you come up with your kennel name?

Bonnie: "El Zagel" comes from the name of the local Shriners. The look and the name was always interesting to me as I was growing up.

Jack: How long have you participated in the sport of lure coursing? How did you first become interested in it? And how many of your hounds have earned titles over the years?

Bonnie: I first became interested in lure coursing around 1976, shortly after the Minnesota Coursing Association formed. I obtained my first Afghan hound in 1968, and would occasionally take her and her offspring out to chase jackrabbits. When I heard there was an organized, competitive way to run the dogs- lure coursing- I was interested immediately. Since then, I've obtained the title of Field Champion on thirteen Afghans, six Salukis and two Whippets.

Jack: Do you have all three breeds with you at home?

Bonnie: Yes, I own and run several Afghan hounds and Salukis. I also own four Whippets and have a Borzoi that I don't own who lives with me. I also own one Irish Water Spaniel and an Afghan cross that came here as an injured dog through the local Adopt-A-Pet organization and just stayed.

Jack: In what area of the country do you lure course?

Bonnie: Traveling outside my area to competitively run my dogs is difficult; I am seldom able to, except for a Specialty or an International Invitational. I live so far North that even the nearest lure trial is about 4-1/2 hours away. Because I have to run a business, it is hard - and expensive - for me to take days off work. I do try to travel far enough to prove to myself that a particular dog, or my dogs in general, can perform well in large competition. Several wins stand out in my memory. For my Salukis, there was Tschidas Willie Nelson, F.Ch., CC winning the II in 1984, and Ch. Solari Sa Shahir Saamira, F.Ch. winning the Pyramid Cup in Kentucky at the Saluki Club of America National Specialty in 1992. For my Afghans, Ben Haasin No Surrender, F.Ch. won the Minnesota Challenge Cup in 1986, and Cameo's Gone With the Wind, F.Ch. took the breed both days at the II in 1991 and in 1992.

Jack: What other kinds of field events do you participate in with your dogs?

Bonnie: I've done a fair amount of open field coursing with my dogs. It's the one activity that I can do with my dogs that I don't have to travel very far to enjoy. I live in the northern plains, which are ideal for jackrabbit hunting. Years ago, we had an abundance of jacks, but the population has dropped greatly in the last few years. But, even if only one jackrabbit is flushed in a day, the thrill of watching the dog push themselves is worth it. I really love to watch a combination of both sprint dogs and endurance dogs working together. I obtained my first Saluki in 1979, after watching them run in the open field. By traveling to Wyoming, I have finished two Salukis in the open field, Tschida Willie Nelson, F.Ch., CC, and his son, Ramij Wiley Coyote, CC, CM.

Jack: How often do you show your hounds in conformation?

Bonnie: Showing my dogs in conformation has always been a part of my dog activities. Although I enjoy showing the dogs, running my dogs is more important and enjoyable to me. I have finished several Salukis in the ring. My Afghans tend to be a little too moderate for the show ring, but I do own one champion. When it comes down to showing and growing coat vs. running and losing coat, the latter always wins.

Left: Bonnie Schulz with "Carter" Chaos Carter at El Zagel, 2010.

Jack: Can you describe the way you live with your hounds?

Bonnie: My dogs are basically house dogs that live as a large pack. I do have a kennel off my house where the dogs live when I'm gone. All young dogs, and a couple of others, go to work with me every day. It's a good way to socialize them by having them meet my customers. When I'm home, the large majority have access to the house and about a quarter acre of fenced yard. A few troublemakers stay in the kennel and are given access to a separate quarter acre of yard every day. Anywhere from one to four times a week, I take the pack out into an eight-acre yard of natural grasslands that is surrounded by a six foot fence.

Jack: What do you think makes a good running dog? Do you think conformation plays a large part? If so, describe your ideal conformation. How about mental ability and attitude?

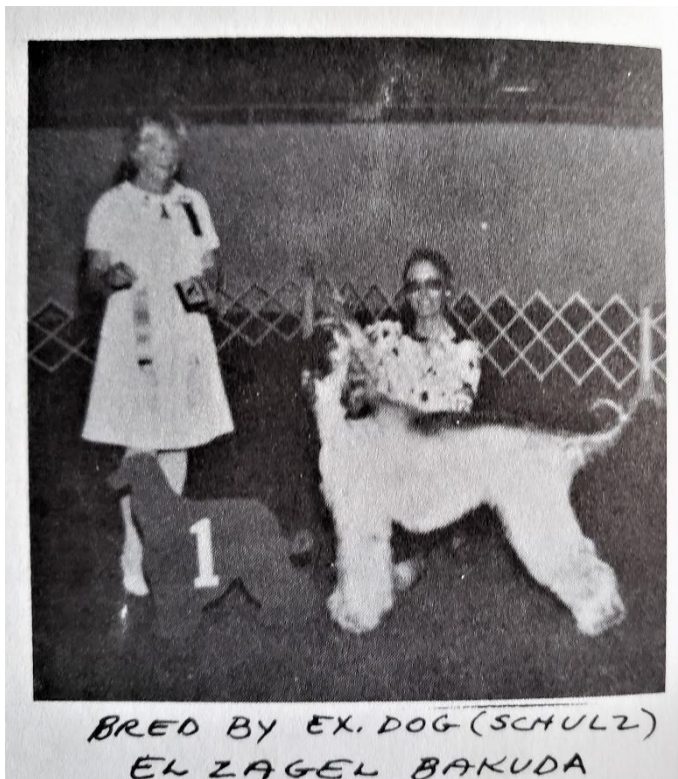

Bonnie: No matter what the conformation of the dog, if it doesn't have the head or drive or instinct to run hard, it will not be a good runner- whether on the lure or in the open field. So, first I look for a dog that has the mental drive to run. In conformation, I look for moderation. Afghans, and more recently, Salukis, seem to be becoming extreme breeds in the ring. What a shame. I just can't understand how someone can truly love either of these breeds and not care whether the dogs they own, or more importantly the dogs they breed, can run. By run, I mean more than just playing on a mowed yard- run hard on rougher terrain; make sharp turns and still remain sound. I truly hope that Salukis don't go the way of the Afghans and become a breed of extreme. I really worry about long, sweeping, over-angulated rears, "open" side gait at the expense of soundness, and, particularly, loss of intelligence.

I also look for intelligence in my dogs. Sometimes, the more intelligent dogs can be more of a challenge to live with, but I truly appreciate their ability to figure things out for themselves. Temperament is extremely important to me. Since my dogs live as a pack, it is very important that they get along well with other dogs. I will not tolerate aggression or cheap shots among my dogs, and I watch for signs of it when they are very young. If, as they mature, they show signs of aggression that is so genetic that I can't teach them to keep it under control, they are spayed or neutered quite young. If they still remain troublemakers as they are grown, they are not allowed in the house pack. I try to be very careful to obtain dogs from stable, pleasant temperaments, that do well with other dogs. I certainly would never consider breeding, or breeding to, any dog that would not do well as a pack dog.

Jack: Have you ever bred a litter, or do you consider yourself a breeder? Have you bred dogs specifically to perform certain functions, such as coursing, showing or obedience? Or, for the combination of many abilities and qualities? Tell us about your foundation stock and why you chose to breed from them. What are the long-term goals of your breeding program?

Bonnie: I've had Afghans for 26 years and have had five litters. I've owned Salukis for 15 years and have had two litters. I guess that qualifies me as a breeder, but I have never bred unless I'm looking for something for myself. Three of my Afghan litters were born in the first seven years that I owned Afghans. I learned an important lesson from those three litters - it's difficult to find good homes for puppies. Many people pass the dogs on when they don't meet their expectations. That's very disappointing to learn. Now, I would never have a litter without being aware that I may keep them all if the right homes don't come along.

Left: Bonnie with "Bakuda," El Zagel Bakuda, awarded Best Bred By Exhibitor by Afghan Hound Breeder Judge/Legend/Giant Kay Finch at the GTC/AHC Specialty (154 entries), June 6, 1975.

I have always tried to balance both conformation and running ability in my litters. While it is a little easier to aim for this in breeding Salukis, it is very difficult to breed a dual-purpose Afghan. I don't have any particular plans for future breeding, although maybe a litter of Afghans several years from now.

My first Afghan was sired by a Champion Crown Crest male bred to a Champion Belden bitch. She was very solid and sturdy, which has continued to be my preferred type. In the last 12 years, most of my Afghans go back to Swedish breeding of the Ben Haasin kennels of Helen Haas. I've had many consistently good runners from her line. I also have bred to and obtained some nice Afghans from Julie and Emmet Roche of Qamari Afghans in the last few years. Actually, the original Qamari dogs have some similar lines to the Ben Haasin hounds. Michael O'Neill, of Von Synergon, also sent me a very nice bitch, Olivia, who finished her field championship quite easily.

My original Salukis were obtained from the Ramij kennels of Arlyce and Jim Lillegaard. They were very helpful and supportive when I began in Salukis. I still own my most special Saluki, Tschida Willie Nelson, F.Ch., CC. He is 13, and, although I did not get him from the Lillegaards, he is out of a Ramij sire and dam. All of the Salukis that I have been showing and running in the last five years- except for Panther, who is a Willie son- have been obtained from the Solari kennel of Garry and Judy Newton, along with the AmunRa kennel of Kathy Nelson. They have really been fun and do very well both in the show ring and running the lure. Once I keep a puppy past three months and make a commitment to it, the dog never leaves whether it becomes a good runner or not.

Jack: What method of training do you use for lure coursing? Do you start your hounds when they are puppies?

Bonnie: I don't do any special training for puppies as future lure coursers. I give them plenty of space to exercise, and try to expand their minds by making life interesting. I take them everywhere with me when they are young- puppy kindergarten, dog shows, lure trials, etc. Although they will be a member of a pack, I like each of them to be individuals also. I work hard at teaching them respect for each other, and don't allow any nasty behavior. Fighting is never allowed. I depend on genetics, mostly, for their instinct to want to run the lure.

Bonnie with a Saluki & Afghans at a field trial.

Jack: Do you keep your hounds in the same condition all year round, or do you have a special conditioning program for times when you're competing? Please explain your conditioning program.

Bonnie: My conditioning program is as simple as giving them free exercise in a yard as much as possible. Of course, general good health goes along with the exercise. The eight acres they run in several times a week has taken away any necessity to do roadwork. It is quite rough, flat ground, covered with low grass in the spring and tall grass in the fall. About a quarter of it is a grove of mature trees, so the area is large enough for them to stretch out for long periods of time. Even more important, they learn to not only run with their legs but also with their eyes and brains. They must always be watching the ground under them because of the roughness of the mounds and gopher holes and also certainly watching for downed branches or trees. I think all these obstacles teach them to run smart and be more surefooted. Of course, Afghans in coat cannot run the grasslands, so if they are not being shown they are clipped down so they can run more than a mowed yard.

Jack: What type of food and supplements do you give your dogs on a daily basis? Do you change this when actively competing? Do you use energy supplements when competing?

Bonnie: The dogs all receive basically the same food and supplements. I feed a dog food called Professional Diet by Sportsman's Choice, which I purchase at Sam's Club. It's quite inexpensive, but my dogs do extremely well on it. I have fed it for over two years now and in that time I've had more people come up and ask me what I feed, because of my dog's condition, than in all the years I fed expensive foods. I add a small amount of raw hamburger, plus a small amount of a supplement called Edge to the food each day. Pups under a year get cottage cheese each day. Dogs that are running hard also receive DMG and electrolytes, especially if it is hot weather. I do feed twice a day. It's more work, but I feel my dogs do better on twice a day instead of once. I work very hard at keeping them parasite free.

Jack: As a person who provides their dogs with both open field experience and lure coursing experience, do you have any ideas about the two activities you'd like to share?

Bonnie: Lure coursing is fun for me and my dogs. It is a relatively good test of their running ability. But, until one actually sees these athletic dogs in the open field, it is hard to appreciate the potential of these powerful dogs that have been entrusted to us as owners and breeders.

I wonder if most people who only lure course realize the difference between the two types of running hounds. The sprinters are the Greyhounds, Whippets, Borzoi, and the endurance dogs are Salukis, Afghan hounds. I like hunting a combination of sprinters and endurance together. The sprinter's job is to put immediate pressure on the game, producing early turns. As the sprinter begins to slow the endurance dog takes over, putting long distance pressure on the game. These unique qualities of the sighthounds are hard to observe or realize when only having participated in lure coursing.
